Salem, OR – November 16, 2016 – New Shepherd Films, LLC announced today their feature film, *'Footprints'* will be part of the Bigstar TV entertainment catalog. New Shepherd Films signed an agreement with Bigstar TV to carry *'Footprints'* on their worldwide streaming service. The film is expected to be available by the first of the year.

“Bigstar TV is a great addition to our distribution strategy. Their service works in every country around the world and they support one of the largest varieties of platforms—if not THE largest—of any content provider we’ve signed with yet.”, says Jim Huggins, President and CEO of New Shepherd Films. Huggins added, “We continue to be thrilled with the support and service from C3—they find ways to get this film out that no one else can!” C3 Entertainment, Inc., New Shepherd Films’ representative and distributor, has continued to grow *Footprints'* popularity and expand their ever-increasing audience.

Based on a true story, *Footprints* is the story of a man who finds the healing power of love only after he's lost everything he valued. It's the true story of a dog who learned to trust only after she'd been abused and discarded as worthless. They embarked on a journey neither knew would bring them together and demonstrate that just because you had a bad past doesn't mean you can't have a great future.

The recipient of numerous awards, including the Dove Award for family entertainment and a “4+ Exemplary” rating from MovieGuide.org in Hollywood, *Footprints* is gaining worldwide recognition. As one reviewer wrote (Bob Kemp, Renew America Magazine), this is “...a wonderful story, the kind of story our troubled times needs more of.”
